

The diagram illustrates three distinct zones for printing layout. It features a central light blue area, an inner light orange border, and an outer light green border. Three horizontal double-headed arrows are positioned across the page: a blue arrow at the top, a red arrow in the middle, and a green arrow at the bottom. Each arrow is accompanied by text explaining its function.

BLUE LINE
SAFE ZONE

(Keep all text and important information/image in this area)

RED LINE
IS THE CUT LINE

(This is the edge of the finished product)

GREEN LINE
IS THE BLEED LINE
(This will get cut off, but is needed for printing properly)
